Dear Stillness Community

I hope you all had a lovely weekend break. As mentioned in my letter dated 20 June 2022, we have now chosen the new class names for the 2022-23 academic year.

The School Council met with Miss Liston and were really keen for the new class names to reflect our local area so decided to choose local street names. The whole school then chose lots of different street names they liked, including the roads they live on, and all of these were put into a hat. During our staff meeting the teachers were asked to take part in a lucky dip to determine their class name! This process ensured all of the children and staff had a voice in the selection process; we hope you like the new names as much as we do!
