

Stillness Junior School

“Our “Best At all Times”

Weekly Round Up Page – Week 7

Dear Stillness Families

I hope you all had a lovely half term break.

We now enter the last half term of the academic year; this is traditionally a very busy term and also a very exciting one with the summer holidays on the distant horizon!

As the weather improves can you please ensure your child is wearing sun cream, a sun hat and has their water bottle with them.

Have a lovely weekend.

Mrs M Nichol - Headteacher

Y3 News

Y3 have had an excellent start to summer term 2. We cannot believe how fast the academic year is going! In Maths, we have jumped right back into our time learning and will be continuing with a focus on time durations next week as well as problem solving with time and measuring time in seconds. In English, we will be drawing our Traditional Tales to a close and publishing them. We will also be celebrating our creations with peers and giving the children a chance to work on giving and receiving feedback. As you know, next week is Assessment week so the children will be completing assessments in English, SPAG, Maths and Reading. We are really looking forward to our year group trip to Kew Gardens on Tuesday where we will be taking the coach and spending the day continuing our Science learning on plants. We are also grateful to be having a special workshop in school on Thursday afternoon for Science Week to further develop our plants knowledge. In RE, we will be beginning our unit on Hinduism and in Spanish we will be learning some more pet vocabulary and grammar to go with it. Have a lovely weekend.

Ms. L West - Y3 Teacher

Y5 News

This week has whizzed by and the half term is a distant memory! Rehearsals have gotten underway for our Lion King performance. Please can we ask you to practice the lines with your child(ren), these can be found on google classroom and make sure they are using their BIG voice!
Performance times and dates will be announced next week.

As part of our Christianity unit, we met Father Bates at St Hilda's where he gave us a guided tour of the features that are significant within the church. The children enjoyed looking through binoculars at the stunning stain glass window and drawing a feature that intrigued them.

We have started our new unit of position and direction in maths, which included describing and drawing positions on a grid and translations. Next week, we will look at the line of symmetry and reflection.

Additionally, next week in English, we will write a newspaper report on the events that led to the Big Bad Wolf being boiled alive and end with a persuasive letter to the wolf's family begging for forgiveness! In topic, we will learn about the water cycle and in RE we will enjoy learning the Christian beliefs.

Diary dates:

- 15th June D&T workshop
- 16th June Science workshop
- 1st July Oxleas Wood.

Mrs L Threadgold – Y5 Team

Y4 News

We are so grateful for everyone's dedication and hard work up to this point. We are in the throes of our final term, and we know all the children are very excited/looking forward to moving up to Y5.

However, we have a little way to go!

Next week, it is Assessment week for Y4's and Science week for all the children at Stillness Junior. In between all the fun activities we will be looking at science and the assessments. This week we are continuing to look at Frozen kingdom, creating some wonderful art based on the Inuit communities artistic creations.

Maths: We will be looking at money, estimating, converting pounds to pence.

English: We will be learning how to review a book, movie, show etc. using all the features of a Review.

Parents/Carers:

- We will be going on school trips this month. Please let your children's class teacher know if you are available on Monday 27th June 2022 to volunteer your time via Y4@stillnessjs.lewisham.sch.uk. We are truly grateful for your time.

Kind regards

Y4 Team

Y6 News

Welcome back to the last Half-term of Y6! We hope you had a 'Jubilant' break and were able to enjoy the Queen's Platinum Jubilee celebrations.

This week has flown by with us all trying to get back into the routine of school. In English, we have been writing imagery poetry using our senses. Next week we will be looking at Shakespeare, with a focus on Romeo and Juliet.

In Maths, we have been looking at interpreting data and statistics. Next week the children will collecting their own data from children across the school and interpreting their results. In Topic, we started our Sow, Grow and Farm lessons, and looked at different farming methods.

We started our SRE lessons this week with a focus on how our bodies are changing. This will continue into next week with how our emotions can change.

We will be celebrating Science week, next week so there will be a variety of fun activities for the children to participate in throughout the week.

Have a wonderful weekend.

Mrs M Chisholm – Y6 Teacher
