

Stillness Junior School Teachsport Wraparound Care 2026-27

We're making some exciting changes to how you book wraparound care with us.

All new bookings for September 2026 onwards will be managed through our new system, Enrol My. Things may look and feel slightly different, but we are confident you'll love it once you are up and running! Here's what it means for you:

Book from anywhere

Manage sessions from your phone, tablet, or computer, any time that suits you, not just during school hours. There's also an app you can use!

Flexible bookings

Add, change, or cancel sessions easily. Plans change, now your bookings can too.

Set it up once

Your child's details and safety information are saved securely, no need to re-enter them every time you book.

Better value for regular families

Families booking regular, recurring sessions will benefit from a reduced rate (less than 2025-26 rates).

A note on casual booking prices

The price for ad-hoc, casual and same-day sessions will increase slightly from September 2026. This reflects the additional admin, staffing, and resources required to accommodate last-minute bookings and keep our provision running smoothly and safely.

We've kept this increase as small as possible and remain committed to offering great value. If you need support with booking regular slots, our team is always happy to help you figure out the tech, just get in touch.

***NEW* Free Government-Funded Breakfast Club**

You may have heard in the news that the government is funding a short breakfast club before school each day (8.15am-8.45am). This will consist of a simple breakfast and some welcome activities to support children's transition into the school day. We already know that many of you already enjoy our breakfast club, and we are excited to share it with more of you! Things to note:

- We have extended our 'long' fee-paying breakfast club to start at 7.30am, therefore giving working parents a little more flexibility to get that train on time!
- The fee has been altered to match the previous rate, pro-rata and factored in the free half hour. Essentially, you are getting longer childcare at a cheaper price!
- The free breakfast club between 8.15 and 8.45am each day, must also be booked through our system.
- To accommodate many more children, it is essential we have enough warning on attendance numbers to ensure we have enough staff assigned to fulfil Ofsted ratios, as well as enough food to go around! We therefore require ALL breakfast club bookings to be made at least 1 week (7 days in advance).
- Teachsport will be welcoming families at the gate but will not be able to accept children who are not booked. You will be asked to either look after your child until the start of the school day or make alternative arrangement privately. School staff will also not be able to look after your children if not booked into Breakfast Club.

Getting started

Start by following this link and click on the booking tile for the activity your child would like to attend.

https://enrolmy.com/teachsport-services-ltd?emyatb=4w7ygdi444#/venue_id/691309e3-282c-4064-9054-2a5d0a4d823a

You'll be taken to a page with all the details about that activity, where you can pick the days and times that work best for you.

Once you've made your choices, you'll create your Enrolmy account, this just takes a moment and only needs some basic info.

Next, it's time to add your child (or children). The good news? You only have to do this once! After that, they'll be saved in your parent portal for future bookings, and you can add more children anytime if needed.

You'll then complete a safety form, this is really important as it helps us keep your child safe while they're with us. Again, it's a one-time thing, but please remember to update it if anything changes. Without this info, your child will not be able to attend.

Now for the final step, payment. Once that's done, you'll get a booking confirmation and your child's place is secured.

Next time, it's even quicker: just pick your programme, choose your dates and times, log in, select who's attending, and you're all set!

Thank you for choosing Teachsport. We're really proud of the care we provide. If you have difficulties or questions at all, please do reach out at clubs@teachsport.org, and we will gladly help you.
