

'Our Best at all Times'

Headteacher: Mrs Mitzi Nichol

7 October 2026

Dear Parents and Carers

Curriculum Enrichment contributions for the 2026-2027 academic year

We are looking forward to another wonderful learning year here and to be able to deliver a broad, balanced and enriched curriculum.

We are writing firstly to thank all parents and carers who contributed towards trips and workshops last academic year; without your contributions such experiences would not have been possible. The children enjoyed a range of learning experiences including visits to the Science, Natural History and Imperial War Museums and virtual reality workshops which brought learning to 'life'!

In spite of the increased demand on the school's budget this academic year, we are determined to maintain the high level of curriculum enrichment again this academic year as the benefits are immeasurable. It is with this aim that we are writing to ask for a voluntary contribution to the School Fund for the specific purpose of Curriculum Enrichment. Such contributions will enable us to plan off site learning experiences, in-house workshops and purchase additional learning resources otherwise out of our budget leading to an enhanced educational experience for our children. We are mindful of the fact that many household budgets are still feeling the strain of the cost of living and are grateful for all financial contributions received.

We usually request a contribution of £50 per child per academic year. However, upon review of the past two academic years, we noted that we do not spend this much and are therefore asking for an initial contribution of £25.00 instead. Please make your contribution via ParentPay under the 'Curriculum Enrichment Contribution 2026/27 payment item.

Curriculum Enrichment Carry Forward from last academic year

If you received an email from Miss Enwonwu during Summer Term 2026 advising of a Curriculum Enrichment balance carry forward or opted for your Y6 Leaver 2026 child to pass their credit balance to their younger sibling, you may not be asked for an additional contribution at this time. If you carried forward a balance of less than £25.00, you will be asked for a lower contribution to make up the difference. If you have any queries, please contact Miss Enwonwu via the school office.

Pay It Forward

We are thankful to be a part of a generous community who support one another. As in previous years, we are offering families the opportunity to make a 'Pay It Forward' donation via ParentPay. These donations will be used to cover the curriculum enrichment costs associated with children in families who are unable to make the full donation this academic year. The support from our parents and carers is a major contributing factor to the continued rich educational provision for our pupils. We greatly value the positive partnership between school and home.

Yours sincerely

Mrs M. Nichol
